California law and SBSB board policies require that the donations used to fund school-related activities be truly voluntary. No student will be excluded from participating in any school-related activities because the student or their parent has not made a donation. Any suggested donation amount is also voluntary. If you choose to make a donation, you can make it any amount you deem appropriate. No donations will be returned to you if your child decides or is unable to participate in the program to which you donated.
